

Principal's Panui

On Monday a group of Year 12 students depart for a week of vocational training and work experience in Auckland. Others will be involved in similar experiences at our school. This week provides a great opportunity for our young people to look towards their future. What will happen after Year 13.

At the same time academic learning will be carrying on for our students, particularly for our seniors most of whom will already have some indication of how they are progressing with their NCEA work – this is a time to focus and work hard; not to relax.

Level 2 Biology Rocky Shore Field Trip

After it rained on the first day planned for this trip the Level 2 Biology class enjoyed their day exploring the rocky shore at Opito Bay and doing a survey of animals living on the rocks. This survey is part of an Achievement Standard worth 4 credits for NCEA.

Waka Ama Raffle

The winner was Lovey Mutu with ticket number 0295. Thank you to everyone for your support.

Scientific Injuries

Last week the Student Centre was faced with dealing with several severe injuries that were manufactured in the Science Department by Year 7 students (they really should be more careful!).

Pania Morgan-French and Jorja Williams "injuries"

Grace McDonald's "injury"

After recovering from the shock of seeing such awful injuries it was discovered they were made with plasticine!

Athletics Results

Year 7 Girls Champion Laura Walker is in Kauri House and her 30 points were credited to Kauri in the Athletics results. Apologies for the incorrect house in the previous Breeze.

College Calendar

- Friday 31 March**
- Year 7 and 8 Disco
- Monday 3 – 7 April**

Email: teina.wikaira@ngapuhi.org

Attendance Matters

How important is attendance? Missing one or two days per week may not seem like much, but over the course of the year, or a number of years this adds up.

If your child misses ...	That equals ...	Which is ...	And over their school life, that is ...
1 day per fortnight	20 days per year	4 weeks per year	Nearly 1 ½ years
1 day per week	40 days per year	8 weeks per year	Over 2 ½ years
2 days per week	80 days per year	16 weeks per year	Over 5 years
3 days per week	120 days per year	24 weeks per year	Nearly 8 years

If your child is late ...	That equals ...	Which is ...	And over their school life, that is ...
10 minutes per day	50 minutes per week	Nearly 1 ½ weeks per year	Nearly ½ year
20 minutes per day	1 hour, 40 minutes per week	Over 2 ½ weeks per year	Nearly 1 year

Every day at school counts. If you want your child to be successful, then good attendance is the key to them achieving.
